

Is It Love (Aussie Tempos 1019) Jet Roberts

OPENER

Circle left

I know how it feels to be head over heels
To be lost in true love & the light of the moon
Left allemande, come back and dosado your own
Left allemande, you gonna weave around the ring
When your heart has been broken
And you can't take it anymore
When there's nothing left to be spoken
And there's nothing worth listening for

FIGURE 1, 3

Heads (sides) touch 1/4, walk & dodge now
Dosado and make an ocean wave
Recycle then, you veer left my friend
Ferris wheel & go & the centers swing thru
Swing thru again, while the others 1/2 sashay
Everybody scoot back, comeback, swing, promenade
When there's nothing left to be spoken
And there's nothing worth listening for

FIGURE 2

Heads (sides) touch 1/4, walk & dodge now
Dosado and make an ocean wave
Recycle then, you veer left my friend
Ferris wheel & go & the centers swing thru
Swing thru again, while the others 1/2 sashay
Everybody scoot back, comeback, swing, promenade
When you feel more than you can imagine
Now there's nothing that is worth living for

BREAK

Circle left

I know what it means to get caught up in dreams
In prayers that are answered with each passing day
Left allemande, come back and dosado your own
Left allemande, you gonna weave the ring
When your heart feels it's broken
And you just can't take it anymore
When the good times have all been forgotten
And you feel there won't be anymore

FIGURE 4

Sides touch 1/4, walk & dodge now
Dosado and make an ocean wave
Recycle then, you gonna veer left my friend
Ferris wheel & go & the centers swing thru
Swing thru again, while the others 1/2 sashay
Everybody scoot back, comeback, swing, promenade
When your heart feels it's been broken
And you just can't take anymore

CLOSER

4 ladies chain & go across the ring now
You rollaway, you gonna circle awhile
You rollaway, you gonna circle along then
Left allemande, come on and weave the ring
When you know your heart's been broken
And you just can't take no more
When you feel more than you can imagine
Now there's nothing that is worth living for
