

Sound Of Silence (A 1025) Jason Dean

OPENER

Circle Left
Hello darkness my old friend
I've come to talk to you again
Left allemande, turn your partner right
Left allemande then weave tonight
And the visions that was planted in my brain
Swing your girl and promenade
Touch the sounds of silence

FIGURE

Heads square thru and count me 4
You make a right hand star and go
Heads star left and turn it one time go
Same 2 do the right and left thru
Swing thru and the boys run to the right
1/2 tag, swing and promenade
Touch the sounds of silence

MIDDLE BREAK

Circle Left
In restless dreams I walked alone
Narrow streets of cobblestone
Left allemande, turn your partner right
Left allemande then weave tonight
When my eyes were spared by the flash of a neon light
Swing your girl and promenade
Touched the sounds of silence

CLOSER

Circle Left

And in a naked light I saw

10,000 people maybe more

Left allemande, turn your partner right

Left allemande then weave tonight

People writing songs, that voices never shared

Swing your girl and promenade

Disturb the sounds of silence

TAG

Whisper the sounds of silence
